1. All the structures are changing.
All the structures are changing.
All structure is changing.

2. See what I have said/declared and declare this day-hour, hour-day, moment of my appearing and cataclysmically structuring not my house-heart as man/men/many have seen it/me, but in my heart, of my heart, not built with hands, not brick and mortar and not limited by man-thought, man-thought of my-heart-thought but not my-heart real.

3. See what I am saying. Cataclysmic to all structure/stricture now all structure/structure changes and melts and who can see the day of my appearing in me; now, now, right now!?

4. Who is ready for me/all to change, in their life, their structures, their stricture methods of constricting others that are not me/not my heart, and have nothing to do with/in surrender. Who is ready?
Who wants me this much?
Who is ready to change this much? Who is ready to me me-ized?
**Who wants me/my word to flow to/through them, realizing-recognizing that flow to is flow through, and who can be flowed to and not through?**

5. Is this possible me not knowing a man, to be born again through a woman? And who is this man-woman, woman-man and who how does he know all this? And what am I willing that my God should do to/through me? And does this limit my appearing in me?
I love you.

6. All changes. All is changed.
All has changed.
And now it/I appears/appear, me.
My life, my structure; my strictures none, for I have none.
Do I have any? Surrender.
I love you.

**7. The portal of heaven open and whoso enters now? The/my surrendered.**
All changed.

All changed.
All is/has changed already.
See. See. See my changes that I have brought about already.
See the changes I have brought about already.

8. Are you ready for me to change you?
Are you ready to be changed?
Will you change yourself?
Will you submit to my learning/teachership that comes through you alone, alone not, yea my spirit in you released/released in you, and do you not the mind of Christ have? And who can see my questions this day and submit/surrender to/into Christship/leadership, Christship-leadership, Christship-Christship, leadership of/in only me, of me, **being me**?

9. Who is ready for magnitude of this change, change of this magnitude, magnificent explosion/exploration of/in me? I love you.

10. Are you ready? I am ready.
I am me. Who are you?
And what doeth you with Zion?
I love you all.

11. This is my moment.
This is my now.
What is yours/you?
What/who do you choose?
Becoming what/who you choose? Defiantly, not; but surrendered into, regardless.
I love you.
Me.

12. All changes/has changed. I love you all.
Be ready/are you ready?

13. Light upon light, **precept upon precept no more**; mega-explosion in me-my-surrendered. Watch me.

14. Be ready.
Lamps where? What in? In you?
And what seest thou now with/in your lamp trimmed?
Burning? Burning?
All dross removes/resounds not, any longer.
I love you.
Me.

15. The creation of me in me, not; I am/have always there/been there.
I am you, my beloved.
I am leadership.
I am life.
I am love.
I am my father's heart.
I am father.
I am you.
You are me.

16. Are you ready for all/what all I have said, declared these months, months, three years, three days, in me? Your cross no more, mine, mine yours, yours mine; and who comes/cometh forth? Me, me'd.
I love you all.

17. Leadership is ready.
Surrendership ready?
I love you all.

Me.

See my appearing in me/you.

Be ready.

I am there/me/you.

Amen.
